GreenoWear

ABOUT

About the Company

Greenowear is a manufacturer of Fashion Garments for all size groups based in Kolkata, India. We have a state-of-the-art manufacturing facility in Kolkata with all processes of cutting , printing , stitching and packing under one roof , capable of a production capacity of 2,00,000 pcs per month. All machines used are of Recognised International Brands which enable us to deliver quality products.

Our Factory Management team is a group of experienced technical individuals from the garment industry. We have recruited some of the best talent from the country in order to provide the required quality and on time shipments.

All our workers are ethically handled and work in a hospitable environment within our premises. As a Group we have a strict “No Child Labour Policy” which is meticulously implemented in our factory

We are part of Green Packaging Industries Private Limited one of the largest manufacturers and exporter of Cotton and Jute bags from India exporting to more than 20 countries world wide and producing more than 1 million pieces per month. The company has the vision to be a recognizable supplier in the Apparel manufacturing industry and with this vision has diversified into manufacturing Infant garments.
